

INSTALLING YOUR BACKFLIP GRIP

Backflip grip includes a high quality adhesive pad made by 3M™ which securely sticks to the back of your phone or phone case. When applied correctly, your Backflip grip will stay attached for the life of your phone.

FIG. 1

- 1 Start by cleaning the surface where you will attach the Backflip grip. Your Backflip grip includes two cleaning pads (FIG. 1). Start with Pad #1 which includes a cleaning solvent to remove oil or dirt. Next, use Pad #2 which is dry and will remove any remaining solvent. Let the surface dry.

FIG. 2a

FIG. 2b

- 2 Peel back the brown backing paper only about 1/2 inch (1.25 cm) from the top (FIG. 2a, FIG. 2b). Position the Backflip grip where you want to mount and line it up. Press at the top lightly where the adhesive is exposed (FIG. 2c). Check that the alignment is correct. If not, remove and reposition.

FIG. 2c

FIG. 3

- 3 Press and flip up the Backflip flap so you can see the brown paper backing under the clear plastic panel (FIG. 3). Gently peel back the brown paper without moving the Backflip grip and without pressing it all the way down. Do not press down the edges of the Backflip grip.

FIG. 4

- 4 Press in the center of the clear plastic panel and work toward the outside edge (FIG. 4). Make sure that there are no air bubbles visible under the clear plastic panel.

- 5 Finally, press the outside edges to make sure the Backflip grip is adhered securely (FIG. 5).

FIG. 5

- 6 Your Backflip grip is now ready for use!
